## SRP BUSINESS SOLUTIONS

# ELECTRIC VEHICLE CHARGERS & FLEET ELECTRIFICATION PROGRAM OVERVIEW

**Effective FY27 May 1, 2026–April 30, 2027**

**Your EV Journey Starts Here.** SRP is working toward enabling 1,000,000 electric vehicles by 2035 — and we’re investing in charger incentives, fleet advisory support, and a new small business program to help you make the switch with confidence.

LEVEL 2 EV CHARGER	
SRP Customer Segment	Rebate
General Business	\$2,500 per port (up to 75% of project costs)
Government, Tribal, Schools, Non-Profit, Multifamily, Small Business*	\$3,500 per port (up to 100% of project cost); limit of 40 ports
Level 2 Prewire	\$300 per circuit new construction \$500 per circuit retrofit
Level 1 Prewire	\$200 per circuit new construction \$300 per circuit retrofit

DC FAST EV CHARGER		
SRP Customer Segment	Rebate	
	1–4 Station(s)	5+ Stations
General Business	Maximum \$20,000 per location (up to 75% of project cost)	Maximum \$40,000 per location (up to 75% of project cost)
Government, Tribal, Schools, Non-Profit, Multifamily, Small Business*	Maximum \$25,000 per location (up to 100% of project cost)	Maximum \$45,000 per location (up to 100% of project cost)

\*To qualify as a Small Business, the annual energy usage of the applicant’s business must be below 300,000 kWh.

Note: Pre-approval is required for all prewire projects or projects with an anticipated rebate of \$15,000 or greater.
